

Jan Wawrzynczak

Justin, Nick and the rest of the Ickle Pickle team express their deepest sadness over the death of Jan Wawrzynczak on the 25th of July due to complications from a motorbike accident. He was a big part of amateur theatre in Canberra, through his role as Arts & Cultural Development Officer with the Belconnen Community Service. He was also played a large role in the formation of a small theatre company that would later become; Ickle Pickle Productions. He will be missed. We send our wishes to Jan's family, friends and co-workers.
